## Class Descriptions

### HIP HOP

Dancers learn various hip hop styles and body awareness to well known, age appropriate pop and hip hop tunes.

Dancers gain self awareness and confidence in this fun class, and have the chance for some free styling too!

### BALLET

This class focuses on the fundamental elements of ballet technique and performance. Instruction will concentrate on body alignment, flexibility, and muscular control.

### INTRO TO DANCE

This class is an introduction to dance for our tiniest dancers. The class focuses on the basics of ballet, instilling body awareness. Dancers learn rhythm, basic coordination and balance, and fine tune listening skills and memory in a fun class setting.

### INTRO TO MODERN

This dance style is free and expressive dancing not bound by the rules of classical ballet. Dancer's focus on more natural forms of movement using gravity and floor work to form their own interpretation of the music.

### JAZZ

Dancers will move their bodies to typically more fast-paced music with flavor and flame. They learn to isolate different body parts, creating intricate lines and shapes, with their bodies as they jump, leap, turn, and jam to the rhythm and lyrics of the music.

### TUMBLING

Students will work on strength and flexibility while learning a variety of tumbling and acro skills, including flexible floor work, balance/control skills, headstand and handstand variations, roll sequences, walkovers, cartwheel variations, and power moves.
