### INTRO TO DANCE

For 2 and 3 year olds, this class will educate the beginner student in ballet, tap, and creative movement. Fundamentals of technique will get your child started on the right foot. If your dancer is 3 years old and has had one session of dance, they can attend the 3 year old ballet/tap class.

### LYRICAL

Lyrical dance is a style of dance created from the fusion of ballet with jazz and contemporary dance techniques. Because lyrical focuses on the expression of strong emotion, the style concentrates more on individual approach and expressiveness than the precision of the dancers' movements.

### JAZZ/TAP

Jazz is an energetic and fun style of dancing that allows students to express their individual styles; while tap dancing creates rhythmic patterns using special shoes. Both of these forms of dance consist of unique movements and fancy footwork.

### BALLET/TAP COMBO

This technique class will consist of barre, center, and combinations in both adagio and allegro (slow and quick movements), all of which will encompass body alignment, flexibility, and muscular control. Students learn tap terminology and to apply rhythm and timing into a tap routine.

### HIP-HOP

This high-energy style of dance encompasses a diverse range of movements. Isolations, focus on rhythm, and stylized movements will drive the curriculum in this class. Students in class will always be kept on their toes as the world of Hip-Hop evolves.

CLASS TIMES ARE SUBJECT TO  
CHANGE DUE TO ENROLLMENT.
