- Masks are required upon entering and exiting area

SWIM TEST REQUIREMENTS

All children 13 and under must take a swim test in order to swim in the deep end and use the blue slide in addition to meeting the height requirement.

Swimmers who have passed the swim test will receive a colored wristband that must be worn at all times while at the pool. If you lose or forget to bring a swim band you will need to purchase another for \$2.00.

- Swim the length of the pool without stopping or assistance on top of the water
- Tread water for 1 minute
- Float on their back for 1 minute

Parents must stay in the water if their child is a non-swimmer and needs to wear a Coast Guard flotation device.

In order to have a safe and fun summer, we remind parents to review these safety rules with their children. The family fun pool has many features and attractions. It is imperative for parents to keep a close eye on their children at all times. The river channel and vortex are moving water that can pull a child away from the wall. It is important that your children do not go past where they can stand if they are not swimmers. Parents must stay in the water if their child is a non-swimmer and needs to wear a Coast Guard flotation device. Any questions, please see the lifeguards.
