Class Descriptions

BALLET/TAP

Class focuses on the fundamental elements of ballet technique and performance. Dancers will concentrate on body alignment, flexibility, and muscle control. In their tap portion of class dancers will learn how to use their feet to make different rhythms and sounds.

CREATIVE MOVEMENT

This class is a way for children to explore movement through music while developing basic physical skills. Creative movement lets children use their imagination and creativity while learning basic ballet technique.

JAZZ

Jazz dance is a high-energy dance style that has a liveliness that sets it apart from traditional dance forms, such as classical ballet. Like jazz music, jazz dance features improvisation.

HIP HOP

Dancers will learn various hip-hop styles and body awareness to age appropriate music. Dancers will gain self-confidence, learn hip hop dances from the past all the way to today's popular dances, and have fun!
